

G213

A fine and architectural carved pine chimneypiece. A broken pediment with carved acanthus leaves and dentils rests on a shelf forming an architectural cornice above a fluted frieze. The projecting end blocks are embellished with floral paterae and supported by elegantly scrolling ionic capitals above fluted columns on the jambs.

Dimensions

Height 84¾in (201.5cm) width 80½in (204.6cm)

Internal height 52½in (133.5cm) width 59½in (151.6cm)

Footblock to footblock 75¾in (191.5cm)
